

ABERDARE TECHNICAL COLLEGE
INFORMATION COMMUNICATION TECHNOLOGY
LEVEL 5 – MODULE 2
UNIT: COMPUTER MAINTENANCE
PRACTICAL 3 CHECKLIST

PRACTICAL ASSESSMENT OBSERVATION CHECKLIST

Candidate Name: _____

Admission Number: _____

Assessor Name: _____

Date: _____

CUTTING LIST

ITEM	QUANTITY	PROVIDED BY
desktop computer	1 per candidate	institution
antivirus application installed on pc	1 per candidate	institution

A. PRACTICAL OBSERVATION CHECKLIST (50 MARKS)

TASK 1: PREPARATION FOR COMPUTER MAINTENANCE (10 MARKS)

No.	Item to be Evaluated	Allocated Marks	Candidate Score	Remarks
1	Observes safety precautions before commencing maintenance	2		
2	Identifies safety hazards at the workstation correctly	4		
3	Prepares a maintenance schedule with relevant activities	2		

4	Includes frequency and responsible personnel in the schedule	2		
	Subtotal	10		

TASK 2: USE OF COMPUTER MAINTENANCE UTILITIES (20 MARKS)

No.	Item to be Evaluated	Allocated Marks	Candidate Score	Remarks
1	Checks antivirus software status correctly	2		
2	Updates antivirus definitions successfully	2		
3	Performs malware/virus scan correctly	4		
4	Runs Disk Cleanup and removes temporary files	4		
5	Checks available hard disk storage space	4		
6	Performs drive optimization/defragmentation correctly	4		
	Subtotal	20		

TASK 3: PERFORM GENERAL COMPUTER MAINTENANCE (20 MARKS)

No.	Item to be Evaluated	Allocated Marks	Candidate Score	Remarks
1	Cleans desktop and organizes files appropriately	4		
2	Uninstalls unnecessary application or identifies software for removal	4		
3	Checks and verifies operating system updates	4		
4	Verifies hardware functionality using Device Manager	4		
5	Creates a restore point or verifies system protection settings	4		
	Subtotal	20		

--	--	--	--	--

PRACTICAL SCORE SUMMARY

Assessment Area	Maximum Marks	Candidate Score
Task 1: Preparation for Computer Maintenance	10	
Task 2: Use of Computer Maintenance Utilities	20	
Task 3: Perform General Computer Maintenance	20	
TOTAL PRACTICAL SCORE	50	

B. PRODUCT CHECKLIST (10 MARKS)

Computer Maintenance Schedule and Maintenance Report

No.	Item to be Evaluated	Allocated Marks	Candidate Score	Remarks
1	Safety hazards recorded appropriately	2		
2	Maintenance schedule completed correctly	2		
3	Maintenance activities documented clearly	2		
4	Problems identified and corrective actions recorded	2		
5	Report is complete, neat and professionally presented	2		
	TOTAL PRODUCT SCORE	10		

C. ORAL QUESTIONING CHECKLIST (30 MARKS)

No.	Item to be Evaluated	Allocated Marks	Candidate Score	Remarks
1	Defines computer maintenance correctly	2		
2	Explains the importance of computer maintenance	2		
3	Identifies types of computer maintenance	2		
4	Explains preventive maintenance	2		
5	Explains corrective maintenance	2		
6	States the purpose of antivirus software	2		
7	Explains the importance of malware scanning	2		
8	Explains the function of Disk Cleanup utility	2		
9	Explains the importance of monitoring storage space	2		
10	Explains drive optimization/defragmentation	2		
11	States the importance of operating system updates	2		
12	Explains the purpose of Device Manager	2		
13	Explains the purpose of a restore point	2		
14	States safety precautions observed during maintenance	2		
15	Explains the importance of a computer maintenance report	2		
	TOTAL ORAL SCORE	30
