

ABERDARE TECHNICAL COLLEGE

OBSERVATION CHECKLIST

PRACTICAL CHECKLIST 1

COURSE: INFORMATION COMMUNICATION TECHNOLOGY

UNIT: Network Design and Management

UNIT CODE: 0612 451 07A

PRACTICAL 1 – TERM 3

97%

Candidate and assessor details

Candidate name: Brian Manna

Assessor: James Ndikanu

Date: 12/6/26

CHECKLIST (70 MARKS)

	Quantity	Provided by
th	1 per candidate	Institution

Design & Physical Topology (15 Marks)

Observation Item	ALLOCATED MARKS	SCORE	REMARKS
placed (2 routers, 2 switches, 4 PCs)	3	03	Devices placed
y labeled (Router0, RouterA, Switch0,	3	03	
aced in LAN A and LAN B	3	03	
types used appropriately	3	03	
ctly established between routers	3	03	

15

ing & End Devices (15 Marks)

ervation Item	ALLOCATED MARKS	SCORE	REMARKS
---------------	-----------------	-------	---------

LAN A correctly uses 192.168.1.0/24	3	3	
LAN B correctly uses 192.168.3.0/24	3	3	
Unique valid IPs assigned to all PC's	3	3	
Correct subnet mask (255.255.255.0) applied	3	3	
Correct default gateways configured	3	3	

15

K 3: Router Interface Configuration (15 Marks)

Observation Item	ALLOCATED MARKS	SCORE	REMARKS
Router hostnames correctly configured	2	02	Both configured
Router0 LAN interface configured (192.168.1.1/24)	3	03	configured
Router0 WAN interface configured (192.168.2.1/24)	3	03	configured
RouterA LAN interface configured (192.168.3.1/24)	3	03	configured
RouterA WAN interface configured (192.168.2.2/24)	2	02	
Interfaces enabled using no shutdown	2	02	Enabled

13

K 4: Static Routing Configuration (10 Marks)

Observation Item	ALLOCATED MARKS	SCORE	REMARKS
Router0 static route to LAN B configured correctly	5	05	Static Route
RouterA static route to LAN A configured correctly	5	05	configured

10

K 5: Connectivity Testing & Simulation (15 Marks)

Observation Item	ALLOCATED MARKS	SCORE	SCORE
Successful ping from PC0 to PC2	5	05	successful
Successful tracer from PC0 to PC2	3	03	successful
Simulation mode correctly set to ICMP filter	2	02	simulation mode set to icmp

correctly sent from PC0 to PC3	3	03	Packet sent
successfully reaches destination and returns reply	2	02	Packet reaches destination

15

CHECKLIST (10 MARKS)

Product Deliverable	Allocated marks	score	remarks
Packet Tracer file created (.pkt)	2	00	incorrect
Used using correct naming format	2	00	not saved
Configuration fully matches required design	2	02	Matched
Configurations correctly applied and functional	2	02	Correct configuration
End-to-end connectivity demonstrated	2	02	End to End connectivity working
